

Find Due Diligence Information for eDOC Innovations

eDOC Innovations encourages audit review and compliance assessments of your digital transactions management solutions. Legal advisories, white papers, tools, and more are available to assist you with your due diligence and are found in the **Audit & Compliance** section in our **Client Center**.

Our Client Center contains all kinds of information pertaining to you and your credit union, which is specific to eDOC and your partnership with us. Therefore, our client center is password protected and once registered, you will need to log in each time you visit.

After you log in to the Client Center, click on the **Audit & Compliance** tab in the **My Account** dashboard to obtain due diligence information on eDOC Innovations.

Bonus Tip: Check out our eLearning Library!

Our eLearning Library is stocked with user guides, manuals and video tutorials to add to your body of knowledge for ease of use on our solutions. For example, clicking on mDTM automation will advance you to the ProDOC library of tutorials. Also included is a link to all our Tech Tips.

Beginning July 2018 we have begun a new learning series called Tech Tip Tuesday. These tips are created to educate you with quick and easy-to-follow visuals and text instructions and contain information that simplifies a process or explains a process further. We deliver these tips on the second and fourth Tuesday of each month. If you're not currently receiving our tips, sign up in our client center and start receiving them automatically.
