

Streamlined, Secure Collaborations

A seamless communication tool within eDOCSignature designed to facilitate and simplify collaboration between credit union teams and members.

eDOC Chat is a powerful standalone chat feature built within the eDOCSignature ecosystem. Designed for both internal and external communication, eDOC Chat captures every conversation, keeping your teams and members connected, informed, and efficient.

eDOC Chat brings secure, team collaboration to your document workflow, all within eDOCSignature.

Key Features and Benefits

- **Centralized Communication**

Keep every chat linked to the right package or document.

- **Enhanced Security**

Maintain full control over who joins and what they can access.

- **Faster Turnaround**

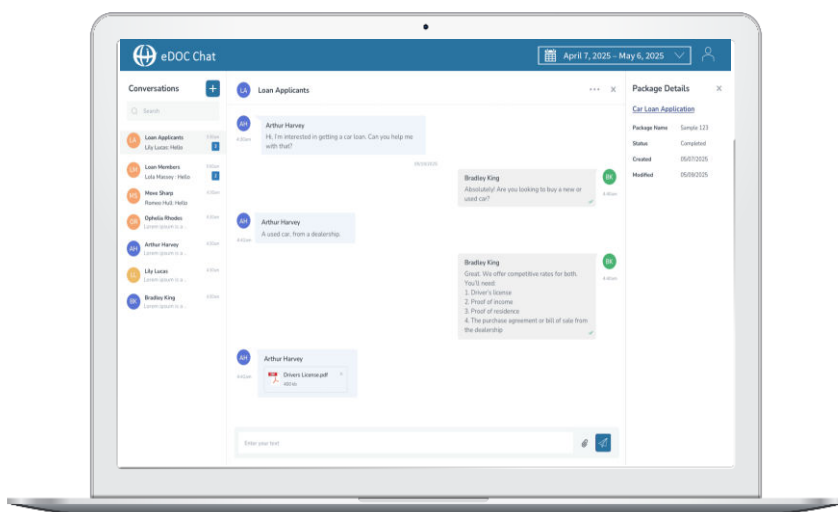

Reduce follow up time with direct, contextual conversations.

- **Linked Conversations**

Attach chats directly to document packages for context and visibility.

- **Ownership Control**

Internal chat owners maintain complete control over settings and permissions.
